MEMBERS HELP TO MAINTAIN

WOODLAND
 HEDGES AND DITCHES
 PONDS AND MEADOWS
 FOOTPATHS, FENCES & STEPS
 BIRD AND BAT BOXES

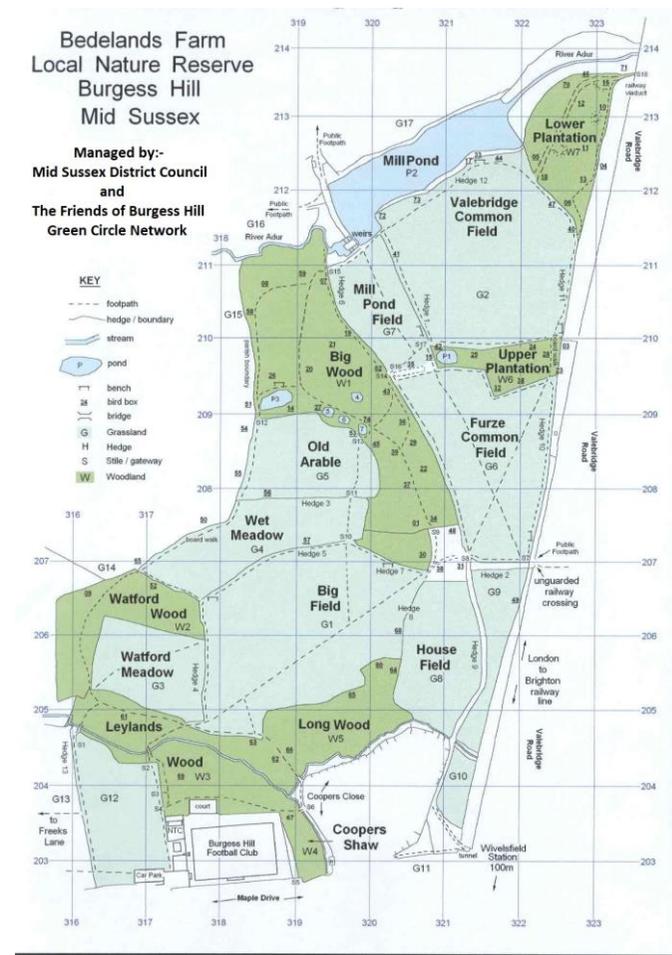

Why not join us to help conserve local wildlife and the countryside around Burgess Hill? You can cycle and walk on a traffic free network of paths around Burgess Hill, which link many of the green sites we help to look after.

On our guided walks for members, societies, youth groups and schools we enable all ages to learn about the local wildlife so they can help to protect it for future generations.

Please join the Friends of Burgess Hill Green Circle to help us in our work.

Members receive quarterly newsletters giving details of practical work days, guided walks, talks and latest information about the reserve and wildlife.
